DIKU ALUMNI – Året der gik – bestyrelsens beretning
2020 The Year Of Corona! The year we all went Digital!

Activity STATS

1 Physical Alumni board meeting (June)
2 Zoom meetings
1 webinar event (today)

2020 THEMES

- A view on global climate changes through research using AI and Predictive models. Aspects of the interactions of climate with organisms, ecosystems and human societies.

- Blockchain in the Digital Business. Value through Blockchain Technology. Is technology mature enough to add value?

- Big Data in everything - how does it influence privacy, democracy, election results. Fake news.

- Digital Privacy: Human rights challenges in the use of automated decision-making tools by public authorities. A closer look at the issues that may arise when using such tools in relation to
  - 1. the right to respect for privacy and personal data
  - 2. the prohibition of discrimination and
  - 3. principles of administrative law

- Quantum Computing: What is state of the art and what are the future perspectives?

DIKU ALUMNI – Looking Ahead

2021 – Continued Corona Pandemic

- Plan for 3 Alumni Arrangements in 2021
- Poll
  - Shall we arrange?
    - Virtual meetings
    - Physical meetings

- Crowdsourcing for new themes you would like to hear more about – use the chat function in the webinar or send us a mail afterwards.

WE CAN BE CONTACTED: alumni@di.ku.dk.
